January 2008 Club Newsletter

Tennis Club

Welcome to the City of Prescott Parks & Recreation Department's Public Tennis Club. We are excited to begin this new program for all of our members and invite you to help us get the word out to anyone who might be interested in joining our club.

We have registered approximately 60 beginners to advanced level members with ages ranging from 7 to 74. We are hoping to continue to build our membership database and get as many residents in our tri-city area playing tennis as we can. As our membership database grows, our plan is to increase our number of programs and give each club member a chance to participate in an activity that meets their point of interest. Our objective is to have over 150 participants registered by the end of January to meet these goals.

As we approach the month of January, we know the weather will play a factor in our programming. We also would like to continue to build our database to a sufficient level so when more age, gender or level specific programs are offered beyond January, we have enough participants to create successful programs. Therefore, we will be offering the following activities for the month of January and will include additional programming for February and beyond as our database increase.

Our club's activities are also posted on our city website. Please visit the site at www.cityofprescott.net and click on city services/parks & rec/sports/adult sports to find the tennis section. Bookmark the tennis section so you can view activities on the net.

Our first board meeting will be held on Tuesday, January 15th at 6:00pm at the Grace Sparkes Activity Center (Old Armory) Flagstone Room. If you would like to be more involved with the success of our club, please make the meeting. Remember, this is your club and we can only be as successful as you help us to become.

If you have any questions, comments or suggestions regarding our club or January's programs, please contact me at 777-1557 or email rick.hormann@cityofprescott.net.

We are looking forward to creating a successful tennis club for you and your family. We hope to get you involved by becoming a board member, getting on a tennis ladder, joining a league, signing up for a clinic, entering a tournament or partaking in all.

Sincerely

Rick Hormann, Sports Coordinator
