

ZONE 19 UTILITY UPGRADE

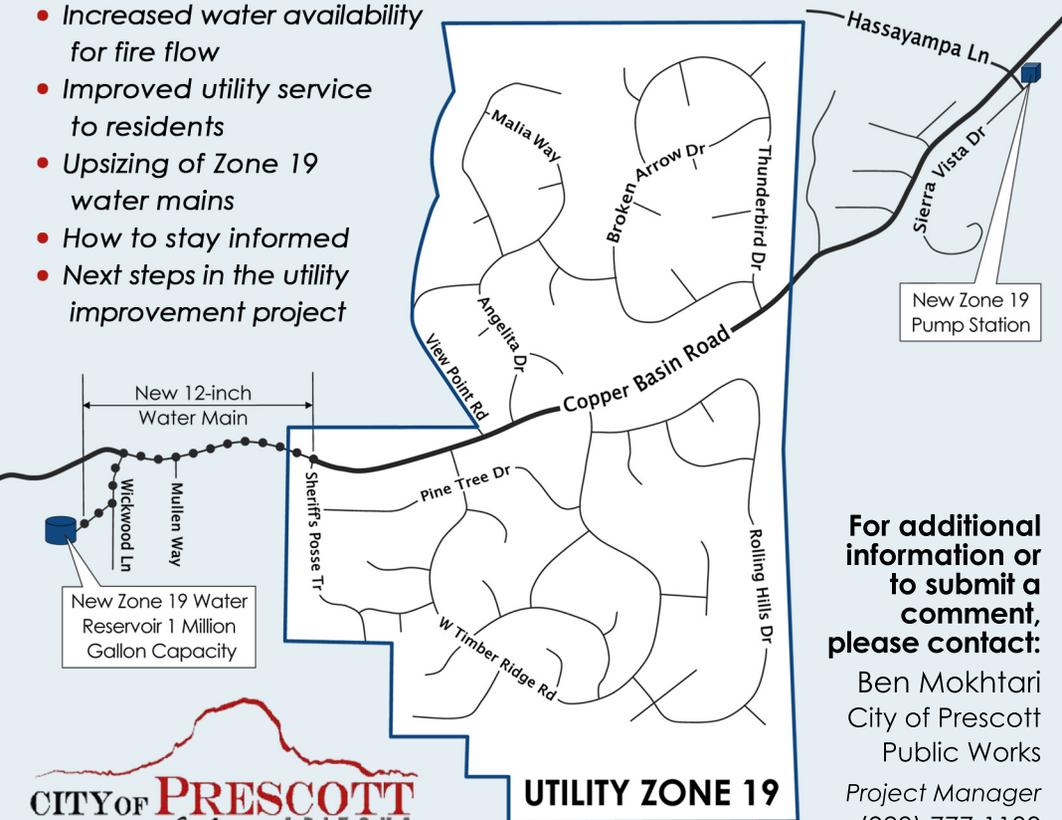

COMMUNITY MEETING NOTICE

The City of Prescott invites you to attend a community meeting for the Zone 19 Utility Improvement Project on Monday, April 4, 2011 at 6:00 p.m. at the Trinity Presbyterian Church located at 630 Park Avenue. Doors open at 6:00 p.m. with a short presentation beginning at 6:15 p.m.

Improvements to the Zone 19 pump, transmission lines, and reservoir ensure adequate water delivery for existing customers, allow for future water needs, and increase the available "fire flow" to maintain a fire-safe community. This meeting will feature information on the proposed improvements and schedule of work. The design team will also be available to answer questions. All public feedback is welcome and may be considered in design.

The meeting will provide information regarding:

- Site info for the new Zone 19 storage reservoir
- Design of the new Zone 19 pump station
- Increased water availability for fire flow
- Improved utility service to residents
- Upsizing of Zone 19 water mains
- How to stay informed
- Next steps in the utility improvement project

For additional information or to submit a comment, please contact:
